Insight Canada and The Montreal Job and Training Fair.... A well-connected collaboration

Montréal 9 août 2007 - Insight Canada offers strong support to The Montreal Job and Training Fair by becoming a sponsor of the event. A loyal customer for several years and having attended various job events, Insight Canada has decided to adopt The Montreal Job and Training Fair as its recruitment partner of choice. The Montreal Job and Training Fair in collaboration with its Insight Canada partner will take place on September 19th and 20th of this year at the Palais des congrès de Montréal.

Discover the Insight experience...

At Insight Canada, IT's all about relationships. Insight's dedicated account executives focus on delivering the leading technology products, services and solutions to small, medium and corporate businesses in the United States and in Canada via outbound telephone sales, electronic marketing and our award-winning websites: www.insight.ca and www.insight.com.

Moreover, extensive technology expertise is not essential to join their team! Insight offers its account executives initial and continuing training designed to give them the practical, hands-on knowledge needed to become trusted advisors to their clients.

Insight Canada's head office, located on Decarie Boulevard in Montreal, offers its employees a work environment that reflects its corporate culture. Open concept offices, full service cafeteria – the Hard Drive Café – as well as numerous training rooms and a playroom, which includes a billiard and ping-pong section. Insight offers its staff an enjoyable environment... 5 days a week!

Interviews on site! IT professionals and fans, you have an appointment with Insight at The Montreal Job and Training Fair.

About Insight Canada

Insight Enterprises, Inc. is a leading provider of a broad range of top name-brand IT computing products, software and advanced IT services helping companies around the world enable, manage and secure their IT environment. Located in major cities around the globe, Insight provides local account services in over 170 countries, and has the process knowledge, technical expertise and management tools necessary to ease the burden of selecting and purchasing IT assets while streamlining IT management and costs. Insight is ranked in 543rd place, according to Fortune Magazine in 2007 on the "Fortune 1000" list. For more information, visit www.insight.ca.

About The Montreal Job and Training Fair

The Montreal Job and Training Fair has been bringing together employers and jobseekers for more than 13 years. It draws on local companies' expertise, innovation and know-how to give the general public access to the largest number of jobs. Training schools also support and attend the event where they promote their various training courses and services.
